

In Re the Marriage of: LAUREN DORSEY, Petitioner, and RICHARD
DORSEY, Respondent
Case No. 2025DR704 | Division 14 | Boulder County District Court
Hearing: July 31, 2026

RESPONDENT'S PRE-TRIAL STATEMENT

I. POSITION

Respondent Richard Dorsey respectfully requests that the Court deny Petitioner's motion and confirm Rae Dorsey's enrollment at Nederland Elementary School preschool for the 2026–27 school year.

Rae is four years old and has never attended school. Her older sister, Lucia, will attend Nederland Elementary School for first grade in the 2026–27 school year. Respondent enrolled Rae at Nederland so both sisters could attend the same school — the same drop-off, the same building, the same school community — for Rae's first year of school.

The applicable statute, C.R.S. § 14-10-124, requires the Court to consider the child's relationships with siblings as an express best-interests factor. For a four-year-old starting school for the first time, the sibling relationship is the most meaningful form of stability either parent can provide. That relationship is available at Nederland and not at Mapleton.

Respondent acknowledges that Mapleton Early Childhood Center holds a higher Colorado Shines rating. However, BVSD's own Child Find coordinator, Gisela Sanchez, confirmed in writing that both schools provide the same Child Find services for Rae. The rating difference does not change what Rae specifically will receive. The statutory best-interests factors — particularly sibling continuity — favor Nederland.

Additionally, BVSD has recommended a full evaluation for Rae following her June 4 screening. That evaluation has not yet been

completed. Changing Rae's school placement while an evaluation is pending introduces unnecessary disruption at a time when stability is most important.

Every logistics concern Petitioner raises traces back to her own decision about where to live. Respondent has remained in Ward throughout this proceeding. The children have remained in Ward. The transportation difficulty Petitioner describes is a consequence of her residential choices — not a reason to reorganize both children's school placements.

II. WITNESSES

- **Richard Dorsey** — Respondent, pro se. Will testify regarding enrollment process, sibling relationship, Lucia's Nederland enrollment, transportation, and the children's daily life in Ward.
