Authenticated by: Richard Dorsey | Source: dorseydriver01@gmail.com

PURPOSE OF THIS EXHIBIT

BVSD Speech Language Pathologist Megan Pielke confirms that following Rae's June 4, 2026 screening, BVSD recommends a full Child Find evaluation. This evaluation is pending and has not yet been completed — supporting Respondent's argument that stability in school placement is critical at this time.

Subject: Child Find Screening Follow-up

Hi Rich and Lauren,

Thank you for coming in for Rae's screening today. Attached are the results of the screening. As we mentioned at the end of the screening, we are recommending an evaluation for Rae at this time. A Child Find evaluation is to determine eligibility for special education, and, if eligible, children can receive services in BVSD preschools. You will be called in the next few months to schedule this evaluation. Please let us know if you have any questions.

Warmly,

Megan
